Regarding claims 1, 8, 12 and 14; the prior art of record such as Razoumov et al. discloses the claimed limitations in the claims 1,8,12 and 14; but fails specifically to teach "determining the turning parameter"; and "calculating the average value R_{av} for the projected average throughput values for at least a portion of the pool of mobile stations".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled "Comment on Statement of Reasons for Allowance"

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
